

The image shows a grey microcontroller chip with several pins visible along the top and bottom edges. A dark grey rectangular label is centered on the chip. On this label, the text 'SDCC' is written in a large, bold, purple font. Below it, the words 'Small Device' and 'C Compiler' are written in a smaller, black, monospaced font, stacked on two lines. A small white circle is positioned to the left of the text 'C Compiler'.
